MEMORANDUM FOR: [REDACTED]
Bureau of the Budget

SUBJECT : Project CORONA

25X1A

25X1A 1. On 5 August I was asked by Dr. [REDACTED] to join a meeting in his office which also included Mr. [REDACTED] and General Goodpaster. The discussion concerned for the most part the ARPA / Air Force [REDACTED] Project but at the same time the current financial status of CORONA was reviewed. It was agreed that I would prepare a memorandum outlining and explaining changes in the estimate of the cost of this Project since it was originally approved.

2. I have now prepared this paper and attach a copy herewith. All of the figures and explanations therein contained were reviewed at the meeting referred to above but I believe Mr. [REDACTED] may wish to see the paper that resulted from that discussion. I would appreciate any comments he or you may care to make.
